

THE SOPHIA INSTITUTE

SPONSORSHIP OPPORTUNITIES

The Sophia Institute is a center of learning that provides innovative programs that foster the rise of the feminine, cultivating wisdom and mindfulness, for a more just, sustainable and flourishing world. The Sophia Institute is a 501(c)3 nonprofit organization. All donations are deductible for tax purposes to the extent allowed by law.

When you support The Sophia Institute, your tax-deductible contribution makes a significant difference in our ability to be a vital center of a more socially just, environmentally sustainable, spiritually-fulfilling human presence on this planet. Your investment will impact many people and communities across the country and around the world

Your generosity is an investment in:

- Funding our Pivot to virtual work - our webinars and Virtual Retreats and the infrastructure that requires staff with this expertise that can focus on this new work. When we can again safely offer in person work, we will do so. Yet, we anticipate that the need to continue virtual work, too, including to live-stream in person work to our growing virtual community.
- Continue to bring to Sophia Institute the extraordinary leading-edge thinkers and spiritual teachers who are now on our faculty as well as invite new members to our Faculty. This is our Core Work, work we continue to be very much committed to.
- Provide Scholarships for those who don't have the means to pay tuition.
- To support program expansion centered around the Initiatives: Social Justice, Racial Equity Collaborative: transforming from the Inside Out - and Higher Ground: Rising to meet our Environmental Crisis. This work is tuition free. We have been managing both with volunteers only but the work has matured now and needs to have a dedicated staff person to direct it.

Help sustain and grow the transformative power of wisdom and love in the world. Please join us in investing in a more just, sustainable, and conscious world as we empower one another to bring hope, healing, and transformative change into our own lives and to the world around us.
